## DAIRY CONVENTION PLANS ABANDONED

Local Committee Decides it Would be Inadvisable to Hold Meeting Here This Fall.

### PRELIMINARY PLANS MADE

Action Due to Failure to Find Suitable Location for Exhibits—Inadequate Housing Facilities.

At a meeting Thursday night of the general committee in charge of the local arrangements for the Indiana Dairy Convention which was to have been held here September 29-30 and October 1, decision was reached by almost unanimous vote to abandon the meeting. Immediately following the conference, T. S. Blish, chairman of the general organization, telegraphed C. R. George, of Purdue University, and J. V. Cotta, sales manager, of the action taken. The abandonment of the plan was due to the inability of the committee to find a suitable location for the exhibit, together with the inadequate housing facilities for the visitors which have caused the committee much concern.

At a conference several days ago the committeemen who had been placed in charge of certain departments of the convention reported that they were facing problems which had not been considered and which at that time appeared to be impossible of solution. Before final action was taken, however, Mr. Blish stated that he would not consent to the convention being called off until all members of the executive committee were fully acquainted with the new problems which had arisen. He called a meeting of the executive committee for Thursday night and the following members responded: Mr. Blish, H. M. Miller, W. L. Johnson, C. D. Billings, J. H. Andrews, Frank Linke, Wm. Booth, O. E. Carter, A. E. Murphy, county agent, A. H. Ahlbrand, Nathan Kaufman, J. H. More, C. W. Burkart and Fred Able.

At the meeting Thursday night the many obstacles which had been encountered in preparing for the show were again presented and each member of the committee was asked to express an opinion as to whether or not the convention should be held in view of the unexpected developments. While the members were very reluctant to abandon the plans at this time they voted almost unanimously to call off the meeting and to notify Purdue University of the action.

The sub-committee in charge of finding a suitable place for the exhibit of livestock and for the housing of the stock during the night reported that they were unable to secure a building that would answer the needs. The matter of renting a large tent to be erected on Tipton street between Chestnut street and Indianapolis avenue was proposed but investigation proved that satisfactory arrangements could not be made for such a tent.

It was also expected that a large number of visitors and delegates would attend this meeting and J. H. More, chairman of the entertainment committee, reported that he had uncovered many obstacles in trying to locate sufficient rooms. In view of these developments the committee decided it would be far better to cancel the convention altogether than to proceed with the plans which could only result in a very unsatisfactory meeting.

This is the second time that the dairy convention here has been postponed. Last year all the arrangements were made for the meeting but it was called off because of the statewide ban which was ordered on account of the influenza epidemic. Following the action last fall the local committees began preparations at once for the meeting here this year and it is with great regret that they reached the conclusion that it would not be advisable to hold the convention here this year although many of the preliminary plans have already been made.

The telegram which was sent by Mr. Blish to Mr. George, of the Purdue Dairy extension bureau reads:

"Reluctantly advise that at a meeting of entire committee it was decided necessary that Seymour abandon plans for holding dairy show and convention here this year. It was found absolutely impossible to secure adequate facilities for caring of stock and exhibits and housing delegates and attendants. Please advise the association and cancel arrangements. Writing.

### MASCHER'S BLACKSMITH SHOP DAMAGED BY FIRE

Seymour Equipment Company Suffers Several Hundred Dollars Loss Origin Unknown.

Fire of unknown origin resulted in a several hundred dollars loss at the George Mascher, blacksmith shop on Bruce street at noon today. Besides the damage to the building and blacksmith tools the Seymour Equipment Company owned by Roy Sullivan, which occupied part of the building, lost several hundred dollars worth of equipment.

Mr. Mascher stated this afternoon that he estimated the damage to the building at about \$150 and tools and supplies at a similar amount. Mr. Sullivan was unable to state exactly how much his damage amounted to but it will run into several hundred dollars as practically all of his equipment for upholstering automobile seats and material to make automobile tops was ruined.

Both Mr. Sullivan and Mr. Mascher are at a loss to know how the fire started. Mr. Sullivan left the place about 11:45 to go to dinner and there were no signs of a fire in the building at that time. The fire was discovered about 12 o'clock and the fire alarm was sent in. The fire department made a fast run to the scene and succeeded in extinguishing the blaze before the building was completely ruined.

### BIG WIND STORM BETWEEN SEYMOUR AND COLUMBUS

Number of Trees Blown Down and Some Telegraph and Telephone Wires are Entangled.

A small area about ten miles north of here was swept by a heavy wind storm about 9:30 o'clock this morning. Automobile tourists reaching the city declared that several trees were uprooted and some telephone and telegraph wires were entangled about the poles which were broken down by the wind. The clouds of dust were so dense that it was impossible to see far in any direction.

M. W. Barker, a former resident of this city, passed through the storm, reaching here about 10 o'clock. He said the dust clouds obstructed his view and that the gale blowing from the south was so brisk that at times his machine would hardly move against it. A heavy rain also fell between here and Columbus.

The clouds assembled here in a threatening manner, but little damage was done by wind. Branches from a few shade trees were broken. A hard rain fell but the shower was of short duration. The storm was preceded by unusually high temperature.

### WILL CONFER DEGREE WORK

Royal and Select Masters Will Banquet Monday Evening.

The local council of Royal and Select Masters will confer a degree on a class of thirty-five candidates Monday evening at the Masonic temple beginning at 7:15. Following the work a banquet will be held for the members.

### Wish To Become Teachers.

By United Press  
Indianapolis, Sept. 19—Mile Germaine Tallandier, 23, graduate of a French high school and college, and a native of Pont de Justice, France, likes Americans so "ver' much" that she wants to come to this country and teach French in the Indianapolis high schools. In a letter to the superintendent of schools, the young French girl asked for a position.

The mademoiselle's love for America is due to the valiant service the "brave Americans" rendered France, she says.

A signorita of Madrid, Spain, also applied for a position in Indianapolis high schools as an instructor in Spanish.

## DECISION MAY NOT COME THIS MONTH ACTION ALLEGES CORNER ON SHEEP

State Tax Board Will Investigate Local Petitions Seeking More Revenue for Next Year.

### SOME REDUCTIONS EXPECTED

Taxing Situation Remains in Confused and Unsettled Condition Until Commissioners Act.

That the state board of tax commissioners will not act upon the petitions filed by the several taxing units in Jackson county seeking permission to collect more revenue in 1920 than was received this year, is the belief of Chauncey Lautzenheiser, deputy county auditor. The hearings on the petitions were held before the state board Wednesday and the various county and township officials presented reasons in support of their petitions. The hearings will not be completed throughout the state until late this month and if the board withholds decision on all the petitions until all are reviewed it may be the middle of the month before action is announced.

Meanwhile the taxing situation in the county, township and city is left in a rather unsettled and confused state. The taxing authorities can take no further steps towards completing their records until the state board acts. There is yet a vast amount of work to be done by the auditor before the tax records are ready to be certified to the township and city officials and he is anxious to get a decision as soon as possible so this work will not be delayed longer than is absolutely necessary.

It is believed that some of the petitions filed from this county will be refused or the amounts asked will be curtailed, at least. Several of the township trustees asked for more revenue in 1920 on the ground that the teachers' salaries will be greater and other expenses will be heavier. One trustee stated that the salary of teachers in his unit will run about thirty percent more than last year and if the fund is not larger he will not be able to conduct his schools for the regular term. He declared he employed teachers this year by the day instead of for the full school season, and they are paid monthly. When the funds are exhausted, he said, he would close the schools.

The state board is expected to reduce the gravel road repair levy which was fixed at thirty cents for next year. This is the same as last year. The valuation of the county is more than double that of last year and with the same rate the revenue for road repairs would be more than twice that available this year. The commissioners argue that the cost of labor has increased to such an extent that the same fund will not be sufficient to take care of the roads next year. That the highways in many parts of the county are in bad condition is admitted, but, it is claimed, their condition is due to lack of adequate funds.

It is likely that the state board will endeavor to reduce the tax rate so that it will not be more than one-half the amount of last year. If the rate is higher the burden of taxation will be considerably heavier with the higher valuations placed on all classes of property.

### Mrs. J. L. Hagins Dead.

John Congdon received a message this morning announcing the death of Mrs. J. L. Hagins, a former resident of this city. Her death occurred at 5:30 o'clock this morning at her home in Reusslaer. She is survived by her husband and several children. The funeral will be conducted at 2:30 o'clock Sunday afternoon. Mr. Hagins was dentist when he lived here. His father was one of the pioneers of the city and practiced medicine here for years.

### FARMERS LOSE BY DEAL

Attorney General Stansbury Preparing Suit to Revoke License Held by Gardiner.

By United Press

Indianapolis, September 19—An exposure of an alleged corner on the sheep market in Indianapolis on the part of Swift & Company, packers, and George Gardiner, local stock buyer, by which prices to farmers have been brought far below the Chicago market was made by Ele Stansbury, attorney general, preparatory to bringing action to revoke Gardiner's license under the food control act.

According to the charges made by Stansbury, Gardiner forced sheep raisers to sell all their stock to him and he disposed of it to Swift & Company, to a plant in which he is interested, to a butcher shop operated by his father and on the Chicago market where he is said to have shipped sheep from the local market, taking advantage of the higher prices there.

According to the information Gardiner obtained advance information as to prices from representatives of Swift & Company here and opened the market at these prices. According to Stansbury any sheep producer who sold to any one else would be put on a "black list" by Gardiner who would refuse afterwards to buy from him.

### PRESIDENT TO SPEAK IN SAN DIEGO LATE TODAY

"We Are Not and Never Will be Quitters," Says Wilson in San Francisco.

By United Press

Aboard the President's Train in California, Sept. 19—President Wilson today campaigned through California in behalf of ratification of the peace treaty. He was enroute to San Diego, where he was to make a speech late this afternoon.

Traveling through the state the president met many crowds at small towns, handshaking and talking "to the folks."

Wilson's slogan through California was "we are not and never will be quitters." And "any man who tries to defeat the peace treaty will be overwhelmed."

The treaty, the president claims, is "an organization of liberty and mercy for the world."

### SENATOR JOHNSON MAY RETURN TO WASHINGTON

Borah Asks Him to Take Charge of His Amendment to Treaty of Peace.

By United Press

Menneapolis, Sept. 19—Senator Hiram Johnson arrived here at 9:30 today. He had not received Senator Borah's telegram urging him to return to Washington to lead his fight on his amendment to the league of nations covenant giving the United States six votes as England and her colonies. Senator Johnson was told that Senator Borah's telegram would be delivered to him there.

"I assume I may go to Washington," he added. "It is positive I will finish my engagements in Minnesota. I will speak in Duluth tonight and again here tomorrow. After Sunday I do not know what I will do."

### MEMBERSHIP INCREASED

Boy Scout Troop No. 4 Has Large Attendance Thursday Evening.

The membership of Boy Scout Troop No. 4 has been largely increased and there are about thirty members of the organization now and more will join in the next few weeks. About forty boys were in attendance at the scout meeting held at the Central Christian church Thursday evening and a enjoyable hour was spent.

### THREE ARRESTED FOR STEALING AUTO TIRES

Two Tires Taken From Car Owned By The Swain-Roach Lumber Company Last Monday Night.

Leland Parker, Chester Sands, and Clayborne Cowan, the latter a girl, were returned here from Indianapolis this afternoon by H. L. McCord, county sheriff, to face a charge of grand larceny. The members of the trio are alleged to have stolen two automobile tires from a car driven by Silas Benham, at Crothersville Monday night, while it was standing in front of his home. The car is owned by the Swain-Roach Lumber Company with whom Mr. Benham is employed.

The three were arrested by an Indianapolis detective at Indianapolis Wednesday after they admitted to him that the tires, which they had sold, were stolen, and told him where they got them. The detective notified Mr. Benham, and a warrant for their arrests was filed and Sheriff McCord went to Indianapolis this morning after the trio.

The three were arraigned before Squire Congdon this afternoon and waived preliminary hearing and were bound over to circuit court. They were unable to furnish bail and were taken to Brownstown to await the opening of court in the county jail. The two men are from Indianapolis and the woman gave her home as being in New York.

### MRS. LOREN PRIEST DIES AT HOME IN BROOKVILLE

Wife of Local Business Man Expires Suddenly Thursday Night—Funeral at Brookville.

Mrs. Clara Priest, aged twenty-nine years, wife of Loren Priest who is connected with the Federmann drug store, died suddenly Thursday night at her home in Brookville. Mr. Priest was notified Wednesday that his wife was ill but her condition was not believed to be serious. He went to Brookville Wednesday night and was at her bedside when she died. Mrs. Priest was a sister of Mrs. W. L. Federmann, of this city. Mrs. Federmann has been visiting in Brookville for the last two weeks. Mr. Federmann went to Brookville this morning.

Mrs. Priest was the daughter of N. E. Holmes. She was married two years ago but shortly after her marriage Mr. Priest enlisted in the army. Upon his discharge from the service he came here and was associated with his brother-in-law in the drug business. Mrs. Priest was expected to move here for permanent residence within a few weeks. She visited here frequently and had many warm friends in this city. She was a graduate of DePauw University.

The funeral will be held at Brookville, but the definite arrangements were not known here today.

### GARY STEEL DISTRICT NOT IN FAVOR OF WALKOUT

No Attempt Will be Made to Use Strike Breakers in Chicago District.

By United Press

Chicago, Sept. 19—Steel plants in the Chicago district will be closed, if the workers strike Monday, officials stated today. No effort will be made to use strike breakers, it was reported.

Plans to this effect were being worked out today by corporation officials. They believe that it will tend to prevent bloodshed.

A canvass of the Gary, Ind., plant officials of the company stated, showed that 8,302 out of 10,125 men interviewed expressed the opinion that they would remain at work and not walk out Monday.

### Life Term For Schutter.

Vincennes, Ind., September 19—William A. Schutter, forty years old, convicted of murdering Mrs. Anne Leinbach on the night of Aug. 22, was sentenced to life imprisonment Thursday by Judge Thomas B. Coulter of the Knox Circuit Court. Schutter had made a written confession that he had killed the woman while under the influence of Jamaica ginger.

## CHALLENGE IS MADE BY LABOR

Twenty-four Unions of The Steel Industry Scheduled for Walkout Monday.

### LETTER IS SENT TO WILSON

Steel Corporation Believes Only Fifteen Percent of Its Employees Are Organized.

By United Press

Pittsburg, September 19.—Labor's challenge and its announcement of its intention to fight for democratization of industry made in a solemn letter addressed to President letter, resounded through the country today.

"No labor without representation" is the slogan of the leaders of twenty-four unions whose members are employed in the steel industry and who on Monday are scheduled to walk out of the plants. Their strike is to be continued until heads of the steel companies consent to a conference with the labor leaders at which the grievances of the men can be discussed and adjusted.

The steel corporation claims that not more than fifteen per cent. of their employees are organized. The labor leaders assert Judge Gary will be surprised at the number of his men who are organized and claim that in addition to this non-union as well as union men, will respond to the strike call.

Washington, September 19—"The steel strike decision is unchanged," said John Fitzpatrick, head of the steel men's organization committee today, following a two hours' conference with Samuel Gompers, head of the American Federation of Labor. In reply to questions, Fitzpatrick denied that the strike had been postponed. He said he had not come here to seek financial assistance from the American Federation of Labor. The strike, leaders figure, will cost about \$2,000,000 a week and the money will be provided by the affiliated unions.

### Corporation to "Sit Tight."

By United Press

New York, September 19—Judge E. H. Gary, head of the United States Steel Corporation, refused to make any statement today regarding the strike leaders' letter to President Wilson. During the day he conferred with high officials of the corporation. These officials intimated the corporation would "sit tight."

### FEDERATION ACTIVE

Farmers Direct Efforts to Closing \$200,000 Campaign

By United Press

Indianapolis, Sept. 19—State leaders of the Indiana Federation of Farmers' associations and their lieutenants in every district of the state were directing their efforts today toward putting the \$200,000 guarantee fund of the federation over the top.

County and district chairman, responding to the call of the state officers, were doing their best to complete the fund today. This is said to be the first time in the history of financial campaigns that an attempt has been made to strike every county in the state the final blow within forty-eight hours.

### JAPAN IS SILENT

No Statement Relative to Shantung Forthcoming.

By United Press

Tokio, September 19—Japan will not make a categorical statement regarding the return of Shantung to China, despite hints from Washington that such a statement is desirable according to an announcement the foreign minister is reliably reported to have made to the diplomatic council. The United States government has made no formal announcement of having asked Japan to state her position regarding the return of Shantung to China, although recent reports have said that a "friendly note" on the subject, was transmitted to Tokio.

AMERICAN POTATO CROP  
ENDANGERED BY DISEASE

Representative of Department of  
Agriculture Makes Investi-  
gation Here.

J. H. Weghorst, a representative of the federal department of agriculture, has made an investigation here to ascertain if a disease known as the "potato wart" has appeared in Jackson county. He did not find the disease here, but urged farmers to report immediately should it appear.

A bulletin prepared by Mr. Weghorst says:

The potato crop of the United States aggregating 400,06,000 bushels in 1918 and worth \$478,136,000 is endangered by a serious disease, the potato wart, which was discovered in Pennsylvania in September, 1918, and may occur elsewhere in the United States. Every one growing potatoes, either in a home garden or for sale, is especially urged to be on the lookout for this disease.

Wart is usually considered one of the most serious of potato diseases. It has caused great damage abroad during recent years, especially in England and Ireland, whence many of our imported potatoes have come. The parasite which causes the disease lives in the soil for many years, the severity of the disease apparently depending on the degree of infestation of the soil. Hence, in fields where potatoes follow potatoes in successive years or at frequent intervals the disease becomes steadily worse until it is impossible to raise sound tubers. In some gardens in Pennsylvania in the fall of 1918 the disease was so severe that the crop was practically a total loss.

The first evidence of wart are small spongy outgrowths on the potato, especially at the eyes. These increase in size and may grow as large as the potato itself. Not infrequently a number of warts may arise at different places on the same tuber, causing the whole potato to become a spongy, warty mass. In the early stages the warts are light brown, the color becoming darker and finally black with age. Badly

diseased potatoes decay in the field and those less seriously attacked are extremely susceptible to rot in storage. Wart does not kill the potato plant and seldom interferes seriously with the growth of the potato vines; therefore the detection of the disease is difficult or impossible before digging time.

The wide distribution of the potatoes imported from abroad in 1912 and in earlier years makes it possible that wart may have established itself in more than one locality in the United States. Hence, potato growers, potato dealers and potato users should be on the lookout for it in all parts of the country. Wart is easier to prevent than to control. It is highly important that all localities where it occurs be discovered as soon as possible, in order that proper measures may be taken to prevent its further spread and to eradicate it where prevent.

LITTLE RUSSELL THAW

Feature at Princess Today.

Little Russell Thaw, who appears with his mother, Evelyn Nesbit, in her latest and greatest photodramatic success, "Her Mistake," gives every promise of soon becoming a film star in his own right. Directors who have watched him act declare that not in several years has a juvenile actor with more real talent been seen on the screen and that it will be almost impossible to prevent his becoming an individually featured player—always assuming, of course, that his mother has not made other unalterable plans for his future. ### O. F. Watson Dead.

Madison, Ind., Sept. 19—Oliver F. Watson, 61 years old, recorder of Jefferson county, dropped dead in his office at the Court House here Thursday afternoon just as he returned from lunch. Mr. Watson was elected to office last fall on the Republican ticket. He leaves a widow and five grown children. He was a member of the Masons, Red Men and the Baptist Church.

## HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience. If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

On September 12 I received a car load of Aviston flour out of hard wheat and guarantee every pound of it to be as good flour and as is on the market. Also have a full line of feed, hominy feed, cracked corn, feed meal, Schumacker hog feed, dairy feed and a full line of all kinds of feed. Owing to the break in corn, these feeds are getting down in price. You will find me in line with the market at all times on feed and grain. I am in the market at all times for wheat, corn, rye and oats at the market price.

### NEWSY PARAGRAPHS

Word has been received that the condition of Mrs. Jerome McOsker, of Brownstown, who underwent an operation at the Methodist Hospital, Indianapolis, Thursday evening, is satisfactory.

Word has been received from Mr. and Mrs. Carroll Bush, who are on their way to Galveston, Texas, for a visit, that they have been delayed in Houston, Tex., on account of the gulf hurricane.

Lieut. Coma E. Davis spent Thursday in this city enroute to his home at Maumee. He arrived in New York last Sunday after being overseas for two years, with the Headquarters Motor Supply Train 403.

Mr. and Mrs. W. B. Gallemore and children, returning to Seymour from a two week's visit at Sabina, O., former home of Mr. Gallemore, were guests Sunday and Monday at the residence of George Beckenholtz. The party made the trip by automobile, with Harry Beckenholtz as chauffeur—Lawrenceburg Press.

Mrs. Ed Kidd of Seymour, and sister, Mrs. O. C. Salyards, of Winamac, came Tuesday and were the guests of Geo. B. Smith and family. While here they renewed old acquaintances and made the Leader office a pleasant call. They left for Orleans Thursday where the latter will spend several days with the Salyards family.—Salem Republican Leader.

Mrs. Elizabeth Smith, Mrs. C. L. McMurkrey and son, Harmon, of Philadelphia, arrived here this morning to be the guests of Rev. and Mrs. T. C. Smith, West Fifth street. Mrs. Smith is past eighty years of age. Mr. McMurkrey is an employee of the Carnegie fund for awarding heroes and heroines who have risked their lives to save others. They are old friends of Rev. and Mrs. Smith and this is the first time they have visited together for a number of years.

### Important Question.

Suppose your parents willed you to marry a man you did not love or—lose a million—what would you decide? The brilliant solution to this problem, hit upon by a man and a girl, will be shown at the Strand theatre Saturday in "Five Thousand an Hour," starring Hale Hamilton.

Psalms 19:7-14; II Timothy 3:14-17.

GOLDEN TEXT—Thy word is a lamp unto my feet, and a light unto my path.—Psalm 119:105.

ADDITIONAL MATERIAL—Psalm 119; Matt. 4:1-11; Luke 4:16-22; John 5:23-47.

PRIMARY TOPIC—The best book in the world.

JUNIOR TOPIC—What the Bible contains.

INTERMEDIATE TOPIC—The authority of the Bible.

SENIOR AND ADULT TOPIC—The inspiration of the Bible.

I. The Characteristics of the Word of God (Psalm 19:7-11).

1. The law of the Lord is perfect (v. 7). The law here means the fundamental principles which God as a moral being reveals to the consciences of men as binding upon the soul. These principles are free from all omissions and redundancies, perfect as a moral code. It perfectly accomplishes its design, namely, the converting of the soul. The effect of the law of God is to turn men to God himself, to righteousness and holiness.

2. The testimony of the Lord (v. 7). By testimony is meant the witness which God bears as to his attributes and against man's sins. This testimony is plain and infallible. Those who receive it are made wise. Those who with open and teachable minds receive God's testimony are wiser than the greatest intellectuals of the earth.

3. The statutes of the Lord are right (v. 8). His statutes are the principles given to us to fit us for the different relationships of life. These are just and equitable, because they are from the righteous God. They rejoice the heart, because the true heart rejoices in justice and equity.

4. The commandment of the Lord (v. 8). This brings into view the personal God who stands back of His law to enforce its demands. This commandment is free from error and deceit, and it enlightens the eyes. The effect of God's law is to give man ability, not only to understand his love and salvation, but to be wise as to the things about him.

5. The fear of the Lord is clean (v. 9). The reading of the Word of

God produces reverential fear in the heart of the reader. Those who have this godly fear have their hearts cleansed from sin. The life and relationship founded upon this fear abide forever.

6. The judgments of the Lord are true and righteous (vv. 9-11).

By judgments is meant the sentences pronounced by God's Word. These penalties are absolutely true and righteous; they are conformable to the intuitive moral sense of man. These judgments serve as warnings; they prevent man's shipwreck upon life's sea and bring just return to those who obey.

II. A Prayer to God (v. 12-14).

1. For cleansing from secret faults (v. 12). Those who reverently study the Word of God realize in themselves the presence of hidden faults from which they need cleansing, and they cry out to God for this cleansing.

2. Kept back from presumptuous sins (v. 13).

The sins which result from proud defiance of God's laws need to be eradicated by God's special grace and help.

3. Words acceptable with God (v. 14).

The godly man is concerned with even his words and desires them to be under God's control.

4. Meditation of the heart (v. 14).

III. The Inspiration of the Holy Scriptures (II Tim. 3:14-17).

Inspiration means God-breathed. By the scriptures is meant the Old Testament. If Paul's testimony be accepted, then the whole Old Testament is God-breathed, regardless of what the skeptical critics say. Because they are God-breathed they are profitable for—

1. Doctrine, that is, teaching.

2. Reproof.

3. Correction.

4. Instruction in righteousness.

5. Thorough equipment of the man of God for his work.

REVIEW:—Jesus Our Saviour and King, or Parables of the Kingdom.

## Yes, S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

On the Market Half a Century.

When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by

an impaired appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S. It will aid in cleansing the blood and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 50 Swift Laboratory, Atlanta, Ga.

## GERMAN REPUBLIC SEEKS DIPLOMATS

Old Crop Is Discredited, While the New Ones Are Still Unripe—Solf May Come to Washington.

Berlin, Sept. 19—The new republic is finding selection of diplomats a real job. Of course, it isn't entirely necessary that Germany make out a whole slate of ambassadors and ministers just yet, particularly if entente nations only send here charge d'affaires. But, the policy of the government will probably be, in such an event, to send out charges and consuls—the charge perhaps being the man intended for the higher post of minister or ambassador when full diplomatic relations with the outside world are resumed.

Germany's difficulty arises from the fact that some of the men of the old diplomatic service would be persona non grata at certain capitals, while the new regime so far has not produced many big prospects of ambassadorial size.

So far, in connection with the American ambassadorship, only two names have been much mentioned—Maximilian Harden and Dr. Solf, the former colonial minister and later foreign minister in the closing days of last year.

Harden hasn't a chance to go to the Washington post. He has made more or less of a name for himself in America—but that doesn't count for anything with the present situation. In fact he isn't taken seriously by the present government in that connection.

On the other hand, Solf has considerable backing for the place. Solf is a man of liberal tendencies. He appeared during the war as an opponent of many of the government's policies; and as foreign minister last winter stuck strongly for strict adherence to the "fourteen points" in application of the peace to Germany. He speaks English with scarcely an accent, is favorably known in many prominent American and English quarters, has travelled extensively, met Presidents Taft, Roosevelt, McKinley, and has been a close student of President Wilson's policies. He and Col. House were friendly before the war.

Solf looks, at first glimpse, somewhat like American Secretary of Interior Lane, though he is of heavier build and of more rugged countenance than the American.

Solf distinguished himself—in Germany at least—last winter by his open breach with Haase, leader of the independents. Solf declined to associate with Haase, holding that as leader of the independents he was cognizant of a big "slush fund" which the Russian Bolsheviks had placed to the credit of the radicals here in Berlin. This caused quite a sensation and helped undoubtedly, in foreign countries, to show that there was no government alliance or sympathy with the Lenin-Trotsky regime.

He is of middle age, active, diplomatic, highly educated and according to many substantial Germans he would be a good representative of the new republic.

Former American Ambassador Bernstorff is known to regret that his position with the American people is such that he could not again become ambassador to Washington. While he has been booked for the Rome post, it is possible that he will decide to abandon diplomacy in favor of politics, and run for the Reichstag in the coming elections.

The British and French posts do not even have any "among-those-mentioned" people. It isn't a case here of difficulty in finding places "for all the deserving"—but rather of finding "deserving" and capable men for the places.

## Clean Up Campaign.

By United Press

Rushville, Ind., Sept. 19—The city health inspector is directing a crusade against unsanitary conditions here. Property owners have been ordered to improve places of uncleanness on their premises or arrests will follow. During the next few days the campaign will be waged against hog pens which several persons are reported as having within the city limits.

## Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

## ALLEGES EXISTENCE OF COAL PRICE AGREEMENT

Special Federal Investigator Probes  
Alleged Combine of Dealers  
and Operators.

By United Press

Indianapolis, September 19—Existence of what he believed to be an agreement between Indiana retail coal merchants, Indiana coal operators, Eastern coal operators and coal jobbers generally which results in higher retail coal prices, has been uncovered by Charles J. Tighe, special agent of the department of justice, in charge of the Indiana bureau of investigation.

Tighe said retailers are not attempting to force fulfillment of contracts which they have had with Indiana and Eastern operators since last spring calling for coal. But in spite of this the retailers here are getting all the coal they need by going into the free market and buying coal at the jobbers' prices which are \$2 or \$3 higher. This coal came primarily from the operators with whom the retailers held contracts, Tighe said. In this way coal is kept at a high level and the consumer pays the bill, he said.

## WILSON EXPRESSES VIEWS AS TO POLICEMEN'S UNIONS

Opposes Such Organizations When  
"Pressure" Is Used to Obtain  
Their Demands.

By United Press

Washington, Sept. 19—President Wilson in a telegram made public today came out flatly against policemen unionizing with a view to "using pressure" to obtain their demands. Willis Brownlow, commissioner of the District of Columbia, read the President's telegram today before the senate committee which is considering a bill to withhold policemen's pay if they affiliate with the American federation of labor.

# The Man of The Hour.....

You know him,—at least you have heard about him and you will hear more of him.

He's the sort of fellow who as a young man laid out his scheme of life and followed it through.

During the war he put his money into Liberty bonds instead of squandering it with so-called "good fellows."

He saved his money and is a national asset not a public liability. He is a saver of money, of vitality, of self respect.

He has faith in himself and in his country. He banks on the future. So he knows he must bank in the present.

He saves what he can each week. He saves regularly and watches it grow. He cannot help succeeding because he has the habit of saving systematically.

His savings placed in our savings department bring him 3 per cent. interest. His regular checking account has careful attention at our bank. His valuable papers are absolutely safe in our fireproof, burglar-proof vault.

Let us talk over with you our facilities for handling your banking business as well as his.

## SEES HOPE FOR OTHERS AFTER RECENT TRIAL

**Brazil Woman Confident Trutona Will Prove Beneficial to Many People.**

Brazil, Ind., Sept. 18—The relief Mrs. Lyle Williams has gained through Trutona has convinced her that the perfect tonic will do the same for others. Mrs. Williams who with her husband has charge of the dining room of the Brazil Hotel, is well known here:

"For the past five years I've suffered with stomach trouble and nervousness," Mrs. Williams said. "I could eat but little of anything and at times ate nothing at all. Gas would form in my stomach and I'd often experience a weak, sickly feeling in my stomach. I was so nervous that the least bit of noise would excite me. Generally, I felt weak and tired and all run down."

"But Trutona has banished the weak, sickly feeling in my stomach and I'm not bothered with the gas formations any more. I can now eat a meal and thoroughly enjoy it. My nervousness has been relieved too, as I don't jump at the least little noise as I used to. I surely feel a lot better and stronger and I'm actually gaining weight. Trutona has helped me and I know it will help others provided they take it regularly as I did."

Nervousness in both men and wo-

men is reaching an alarming state in this country, thousands in every community being affected with this distressing trouble. Trutona strengthens the nerves in a perfectly natural and harmless manner by first cleansing the system of impurities, creating a healthy appetite, producing restful sleep and rebuilding worn nerves and membranes.

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

### ALLIES HAND PEACE TERMS TO BULGARIA DELEGATES

**Enemy Given Forty-five Days to Reply—Readjustment of Frontiers Included.**

By United Press.

Paris, September 19—Without any ceremony the Bulgarians were handed the peace treaty at the French foreign office today. They were given forty-five days to make a reply.

The Bulgarian head of the peace delegation made an address in which he urged that mitigations be granted in the peace terms.

The delivery of the treaty took place in the presence of a single representative of each allied country and ten newspaper correspondents. Readjustment of frontiers aiming to promote the peace of the Balkans and recognition of a new state formed the leading features of the Bulgarian treaty which followed the Austrian treaty in general lines.

Jack Johnson has installed a new McCann pump for John Dorman, corner of Seventh and Mill streets.

Mrs. Milt Hazzard and son returned to their home in Reddington today from a visit in Aurora.

### GOVERNMENT FOODSTUFFS HAVE NOT ARRIVED HERE

**Local Purchasers Expect to Receive Goods Bought Within The Next Few Days.**

As yet none of the purchases made by local people of government foodstuffs which were ordered through the Seymour postoffice have arrived. However, it is to be expected that it would take some time to fill the numerous orders coming in from over the country and Seymour people who have their money invested are awaiting the arrival of their purchases patiently. Considering the fact that several of the larger cities in the state have begun to receive shipments of foodstuffs sold there, is the opinion of the local postoffice authorities that Seymour's portion will arrive within the next few days.

### DIZZY--WRECKED HIS AUTOMOBILE

"Two years ago my stomach trouble got so bad that I was almost constantly filled with gas. This made me very dizzy at times. Last Fall I was almost overcome by one of these dizzy spells while driving my car, and ran it into a telephone pole, badly wrecking the car. A friend recommended May's Wonderful Remedy for my trouble. Since taking the first dose I have steadily improved, and feel better now than ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Drugists Everywhere.

### COURT GIVES RULING IN FAVOR OF GEO. KESSLER

**Defendant Charged With Murder of Minnie Mae Wilkins, Formerly of Seymour.**

Indianapolis, September 19—The petition of attorneys for George Kessler charged with the murder of Minnie Mae Wilkins, whose body was found in a cistern on May 21, that Chief of Police Jerry Kinney and seven detectives be ordered to answer questions as to conversations had with Kessler following the filing of charges against him, has been sustained in part in a ruling by Judge Louis B. Ewbank of Circuit Court. Judge Ewbank ruled in substance that Chief Kinney, a detective at the time of Kessler's detention, and seven detectives shall answer all questions as to conversations had with Kessler. Chief Kinney will also be required, according to the ruling, to testify to all conversation overheard between Kessler and the detectives.

Certain questions directed to Chief Kinney, as to whether the defendant Kessler was advised that anything he might say could be used against him, and whether he was advised that he might be represented by counsel, were overruled by Judge Ewbank as calling for a conclusion on the part of the officers.

The petition of attorneys for the defense followed the refusal of Chief Kinney to answer questions, asked in the interests of their client, while preparing their case. T. Ernest Maholm, chief counsel for Kessler, said last evening that he is satisfied with the ruling and that all information desired from the detectives in the case will be obtained.

Mr. Maholm and the prosecuting attorney, who contested the petition, conferred on a date for further questioning of the detectives and agreed that it would take place at the earliest date practicable.

### GEORGE BLAIN DEAD

**Father of Local Railroad Man Dies at North Vernon.**

George Blain, father of Robert Blain, of this city, died at his home in North Vernon Thursday morning at 9 o'clock. The deceased was 68 years old. He was employed for many years as foreman of the bridge carpenter gang for the Baltimore & Ohio railroad company.

Besides the widow, the deceased is survived by three children, two daughters, Mrs. Lula Carlock, of Martinsville, and Miss Margaret Blain, of Washington, D. C., and one son, Robert Blain, of this city. Mr. and Mrs. Robert Blain have gone to North Vernon to attend the funeral.

## Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

YES, SIR, THAT'S  
YOUR OLD SUIT

I knew you wouldn't recognize it after we had dry cleaned it for you. All our customers say the same—that we clean suits, gowns, gloves, fine laces, etc., so that nobody can distinguish them from new. Our dry cleaning doubles the life of the garment. We do tailoring of all kinds. Special attention given out of town business.
